DATA CATALOGUE

Introduction

Abstract

This Data catalogue encompasses a comprehensive collection of water and allied Data resources.

Curated by-NWIC

Introduction

Department of Water Resources, River Development and Ganga Rejuvenation through National Water Informatics Centre has set up Water Data Portal, which has a large number of water data sets from various water data producers. These datasets are as per laid down standards for datasets, which include water data definition and related metadata as well.

Water Data Catalogue includes listing of different kind of water datasets

DoWR Datasets				
Data Group	Time-series	Geo - Spatial	Studies/ Surveys/ Model Output	Total
Climate	52	0	1	53
Ecosystem and Wildlife	0	6	0	6
Energy	0	0	0	0
Infrastructure	0	1	0	1
Natural Hazard	0	0	0	0
Water Planning	0	15	4	19
Water Quality	7	0	0	7
Water Quantity	33	0	1	34
Water Use	0	0	0	0
Total	92	22	6	120

Partner Datasets			
Data Group	Time-series	Geo - Spatial	Total
Climate	5	1	6
Ecosystem and wildlife	0	3	3
Energy	0	1	1
Infrastructure	1	0	1
Natural Hazard	1	6	7
Water Planning	1	26	27
Water Quality	4	2	6
Water Quantity	0	6	6
Water Use	0	0	0
Total	12	45	57
